

NORTH IDAHO EXPOSURE
Architectural Photography

- ☐ Tissue Boxes or personal items on Counter tops should be removed (We will not remove them)
- ☐ Animals to be contained (No Photo Bombers including beds, toys, dishes, treats)
- ☐ Any Clutter Removed- Put in Drawers/Cabinets
- ☐ Home Owners suggested to be elsewhere it is faster for us and saves you money
- ☐ Any specific requests/wants need to be presented prior to arrival of shoot (If we have to come back it's billed as another shoot)
- ☐ Lights ON and Ceiling Fans Off (In every room)
- ☐ Cars, Trucks, Garbage Cans and any other undesirables should be removed before shoot.
- ☐ Any Special Aerial Photos or Video need to be specified
- ☐ We will arrive presuming staging has been done (We do not move anything or stage homes for photography).

This checklist was designed to help our clients have their properties ready for photos so we can move quickly and save them money. The longer we spend at the site the more the shoot will cost, so you don't want us standing around waiting for things to be moved, put away or staged!
